The Lake is up and the price is down!

Opportunity is knocking, this mid-century house is the perfect lakefront getaway. Built for casual entertaining, all eyes are focused on the incredible setting overlooking Lake Travis. Built in 1975 with several refreshes, this home provides an oasis of tranquility and privacy. The floor-to-ceiling windows and doors open the living room to the outside patio where hosting, grilling and endless views are offered. Three ensuite bedrooms are on the main level including the primary along with an additional primary ensuite downstairs. Two living areas, dining, an office, powder bath and walk-in pantry round out the flow.

Along with the impressive stone fireplace and high wood and beam ceilings, the outside boasts even more, including multiple covered patios, grilling station, a tram to transport you to an oversized boat dock with two boat slips and entertainment deck for fishing, watching sunsets or simply relaxing. This home has it all, but only if you consider yourself a water lover!
