Residential on 0.33 Acres

Castlewood Forest Sec 01, Austin, TX

Spacious, updated home in coveted Castlewood Forest! This older neighborhood has plenty of elbow room, with tree-lined streets and large lots that allow for space between neighbors. And this home offers plenty of elbow room inside, too: 4 bedrooms, plus a dedicated office, as well as a sunroom addition that adds around 300 square feet of living space. The fully remodeled kitchen opens to the dining and family room for open concept living, with a wood-burning fireplace and stunning real mahogany floors throughout. The spacious dedicated office/flex space at the front entry is ideal for working from home (not to mention the built-in bookshelves that would make for an envious Zoom background). The primary bedroom upstairs has plenty of room to stretch out, with ceiling lines that add architectural interest and a dormer window overlooking the tall pecan trees in the front yard, all making you feel a bit like you're sleeping in a treehouse. You can manifest your dream space in this huge backyard, which has a stone patio, a large shed, a spot to park a boat or RV, and ample room for a pool and outdoor kitchen. The side entry garage has space for two cars and plenty of additional space for storage or a small workshop. There's even a playhouse in the backyard, overdue for a new caretaker! 20 mins to ABIA, 18 mins to downtown, and 5 mins from the local house of worship at the cult of HEB!
