Eichelbergers Ruby Sub Amende, Austin, TX

Welcome to 4313 Duval St! Situated on one of Hyde Park's most iconic streets, many of the local favorites are at your doorstep. Constructed with the highest level of detail and quality in 2011 by Nalle Custom Homes (Google them), this cottage was designed to incorporate itself into the historic charm of the neighborhood, while boasting all the modern amenities sought today. Once inside you are welcomed with soaring ceiling heights, floor-to-ceiling brick fireplace, and a thoughtful floor plan that flows into the kitchen. Featuring a flexible 3 bedroom plan, one room lends itself nicely to a home office space. The primary suite is thoughtfully placed at the rear of the home separate from main living areas. This luxurious suite offers cathedral ceilings, large closet, double vanity, spa-like shower, and door leading to outdoor spaces. What also takes this home to the next level is its lot; roughly 50x250 (.286 acre) this double-deep lot backs to Waller Creek creating the ultimate park-like yard with privacy. While there is floodplain noted at the rear of this property, the house sits well outside the flood zone, taking away any need for mortgage required flood insurance. Buyers are encouraged to conduct their own due diligence as to what, if anything, may be constructed at the back of the lot towards Waller Creek, as there are some examples of elevated construction nearby. Notable improvements include complete roofing re-shingle in 2024 (house and carport) and reconstructed back deck also completed

in 2024. Located 1.6 miles from University of Texas and 2.5 miles from Texas Capitol building this area is serviced with many public commuter options blocks away.
