Location! Location! Location! This house is in the sweet spot of Granada Hills neighborhood perched on a corner lot overlooking the lovely neighborhood park. Just shy of an acre to spread out on to feed the deer, watch the birds congregate at the bird feeders, or sit out on your expansive front porch to wave at passing neighbors as you watch kids playing at the park. Upon entering the lovely well cared for house, you have a large office space or flex room to the left as you face the expanse of the living areas with a wood-burning fireplace making the area cozy. The kitchen is equipped with custom cabinetry and a pantry worthy of a Pinterest post! Two secondary bedrooms with an updated bathroom to share. The primary bedroom and bathroom are tucked away in the rear of the house with a primary closet that is the house's crown jewel. Closets are not usually something to brag about, but this one is!
